

Halifax Mechanical & Engineering

CAPABILITY STATEMENT

About Us

Halifax Mechanical & Engineering (HME) is an industry-leading, family-owned business based in Bunbury, Western Australia. We provide unparalleled expertise and services:

- MRB licensed repairer specialising in crane servicing, machinery repairs, onsite welding and fabrication, and mechanical, electrical, and air conditioning repairs
- classified plant hire services, including slewing and non-slewing cranes and EWPs
- extensive expertise in fixed plant construction and maintenance.

Why choose us?

Our reputation for excellence is grounded in a proven track record for:

- commitment to quality, safety, integrity, and reliability
- OEM training and best-in-class service
- focus on maximising operational efficiency and productivity

Our Team

We're ready to serve clients in the Southwest region of Western Australia.

- Discover skilled crane technicians, boiler makers, riggers, trade assistants and more.
- Experience the advantage of our committed customer service.
- Benefit from in-depth knowledge and experience that delivers peak machinery performance.

Service Offering

We offer a comprehensive range of services and hire equipment including:

- 24/7 call-out service and client satisfaction commitment
- crane routine maintenance
- general repairs, breakdowns, and annual inspections
- 10-year/major inspections and design life extension
- magnetic rope testing
- fixed plant construction and maintenance
- plant and machinery hire (full list on website).

Mechanical Repairs

Our customers trust us for:

- top-of-the-line mechanical repair services for various equipment
- engines, transmissions, brakes, steering, suspension, generators, hydraulic systems, and more
- equipment rebuilding adhering to OEM requirements and Australian Standards.

Electrical Repairs

Our certified technicians are skilled at repairing all types of equipment. Count on us for:

- expertise in electrical repairs for mobile cranes and access equipment
- proficiency in diagnosing and resolving complex electrical issues for heavy-duty machinery and industrial equipment.

Air Conditioning Repairs

Our technicians hold a wealth of experience and knowledge. We offer:

- ARC licensed repairers for automotive air conditioning units
- expert services for cranes, trucks, vehicles, excavators and more.

Plant and Machinery Hire

- Non-Slewing Cranes (full list see website)

Welding and Fabrication

Reliable industrial welding and fabrication, ensuring precision and getting the job done right first time.

- Meticulous boilermaker/welders for impeccable detail and quality
- Expertise in workbenches, chutes, structural steel, safety guarding and more
- Aluminum, stainless steel, mild steel, and high tensile steel fabrication
- Transforming your fabrication vision into reality
- Comprehensive surface treatments: in-house and onsite sandblasting, priming, painting.

Hydraulic Hose Solutions

Ensure your equipment remains at its peak efficiency for uninterrupted productivity.

- Onsite sea containers for tailored hose manufacturing
- Rent or purchase fully stocked, equipped sea containers for your site
- Extensive inventory: thousands of fittings and hoses
- Offer a complete hydraulic hose assemble service
- Hosing solutions for diverse machinery and equipment
- In-house hosing facility with custom design and manufacturing

Director

Anthony De Marte, with over 15 years of experience in the crane industry, is renowned for his:

- mechanical problem-solving prowess
- specialised training at the Liebherr factory in Germany
- boiler maker qualifications and ARC license.

Experience and Expertise

Our operational and technical knowledge sets us apart from the competition. We offer:

- vast experience with all makes and models of cranes and plant equipment
- collaboration with independent inspectors and engineers for regulatory compliance
- identification and rectification of breakdowns and component failures

Customer Satisfaction

No matter the job's size or complexity, we stand ready to deliver stellar services and solutions, adding value to your business operations. Discover our:

- can-do attitude and dedication to exceeding client expectations
- seamless mechanical and electrical repairs, automotive air conditioning repairs, and crane servicing
- dedication to adding value to local businesses and mining companies in Western Australia.
